Our side of the bridge

editor: Marty McKelleb

assistant editor: Teri Young

Published for the students of:

Mississinewa High School
Gas City
Indiana

Schedule problems affected many students at the beginning of this year. Gail Tighe attempts to clear her problem up with Mr. Johnson's help.

Study is a part of every student's life, even number two-ranked Rosalinda Ruben has to crack the books.

Sherri Voland seems to do more talking than typing.

Our *new Miss*

For the year 1977-1978 we are now on *Our Side of the Bridge*. Mississinewa students now have a brand new 8.3 million dollar school to attend. The first few weeks were an adjustment period for everyone, due to new surroundings and newly proposed rules; but students adjusted fairly well and classes went on as usual.

The new Mississinewa High School has excellent

facilities, and for the first time plenty of space. Teachers were amazed at all the new equipment available to them. The Science

Passing time allows Carol and Karen to visit while on their way to another class.

Despite foggy weather students still trek toward their first period class.

Department now has the necessities to perform the experiments that they couldn't before. The Language Department has a lab room that establishes communication between

students and the teacher.

The Fine Arts Department includes a Band Room with individual practice areas, and an Art Room complete with a sketch loft.

Mrs. Tavenner demonstrates some of her knowledge of chemistry to her pupils.

The new "Miss." is not only utilitarian, but the school has been much acclaimed for its architectural beauty as well.

Mr. McCullum and Mrs. Tavenner seem to really be enjoying the new facilities.

When MHS moved this past summer, there were several changes made in the system, but three of these affected nearly everyone.

The first of these was the end of the open campus system which brought about the

The new facilities

need for study halls. The cafeteria was chosen as the scene for the study periods and is also the setting for major change two, closed lunch periods. All full day

students are now required to eat lunch at the school whether it be ala carte, type A or brought.

The third difference is the facilities themselves.

The new MHS *resource center*

Mrs. Rosen, the school librarian, went from a small undersized library, to a giant Resource Center practically overnight. She was not alone—to help her were two librarian-clerks: Mrs. Jacks in charge of circulation, and Mrs.

Stevenson in charge of media and audio visuals. The beautiful new Resource Center can boast of having approximately forty-two carrels with facilities for individual study. The library proper is a sunken study area with ample

number of tables and chairs. The total capacity for the center is one-hundred and eighty people. The library is provided to make studying pleasurable, rather than drudgery. With surroundings like this, who could complain?

Chuck Hester takes advantage of a free moment and exchanges thoughts with another student.

Mr. Fessenden's English class becomes acquainted with the new facilities.

The dictionary shelves are a popular stop for students doing their spelling words while in the center

Lisa Colver is one among the students who gave Mrs. Rosen a hand during school hours

The library supplies not only a quiet place for study but also for conversation as junior Marc Roval demonstrates

Registration

Waiting seemed to be the name of the game at registration this year as students attempted to collect schedules and books for their upcoming classes.

Computer foul-ups plagued many students who found themselves taking three Typing One courses all in the same semester.

Counselors fought to right the wrongs set in by the highly sophisticated machines as Aryss Beebe passed out books and Judy Hawkins and Mona Smith distributed "free" lockers

The day-long job of fixing schedules has put Mr. Lechman into a daze

Terry Tudor and Frances O'Mara wait for Mrs. Beebe to fill their book orders

Sandy Demarcus receives her free (it's a) brand new locker!

Tim Cragun looks satisfied with his classes but his mother seems to be having some thoughts

Judy Hawkins takes a break and lets Mrs. Mona Smith do some writing for a while

the eating place and society circle

The cafeteria serves the school, not only as a place to get a pretty fair lunch and/or breakfast, but also as a place for kids to socialize and relax a minute.

The cafeteria has undergone some pretty important changes. There are now four lines of service. Two are for the regular fifty cent meal. The other two are for what is known as "ala carte." In this line are hamburgers and french fries, plus salads, puddings, and sandwiches. That way one gets a little variety every day.

The cafeteria took on a new

look too. The tables are geometrically shaped, and everything is color coordinated.

The fact that it also offers a place to "visit" for awhile, is important to a lot of people; especially since the upper bleachers are no longer available.

The teachers also appreciate a chance to sit and talk by themselves in the new faculty dining area. Now that we're in the new building, it is more difficult for teachers and students alike to stop and talk awhile in the halls. The cafeteria relieves the diffi-

culty and gives us a chance to do just that. For one, blessed half an hour, one gets lunch and conversation for just fifty cents.

The candy machines are a favorite among the lunchtime students.

Long lines plagued the cafeteria at the beginning of the year when only two lines were used. Despite the long wait these girls seem to be able to keep themselves entertained.

This is much the scene once students get out the doors. With much effort, these students wait their generous helping of MHS cafeteria food.

Jake Barker really enjoys his mid-day meal with a lot of help from the wash line.

Another popular area of the MHS cafeteria is the work bar, where you can fix your fingers the way you like them and the extra cost.

Activities

Tuesdays are a special day for the active student at MHS because they receive the chance to cut class and attend a special activity period that lasts for an hour during the day. Clubs

meet and fill the student in on the latest events happening within the different organizations. This section covers these activities.

Lexi and Amy are finding time to clown around while getting ready for the Farmers Day Parade at the Indiana State Fair.

Kelly gives the girls her last bit of encouragement before the officials give their final decision.

Poms place 7th at fair

Mississinewa has as one of its many activities The Indianettes. The Indianettes are the pom pon division of the marching band.

They not only march and compete with the band but they also participate in contests of their own.

The squad starts preparing themselves for state-wide contests

From left to right: Kelly Moyer, Penny Harlan, Debbie Roach, Jane Murphy, Jean Murphy, Robin Smelser, Carol Brock, Terri Reed, Lesa Westling, Melody Colver, Sherri Voland, and Anita Vaughn all stand at attention as they wait for the judges' final decision at the State Fair.

just as soon as the names of the team members have been announced, usually in April or May.

Our poms place a great deal of emphasis on their discipline which creates a working type atmosphere while they practice.

After working both night and day on their contest dance routine these eleven girls took a trip down to camp which was held at Ball State and managed several placings in dance, drill team, and overall performance.

The girls then returned home to better prepare themselves for upcoming competitions.

With the help of Kelly Moyer who originally choreographed the routine, the poms attempted to work all the bugs out.

With "shaft" as their theme the Indianettes danced their way into a second place seating at the Marion County Fair, and a disappointing seventh place at the Indiana State Fair.

The poms also went to the Indiana State Fair with the marching band on Farmers' Day.

Melody, Terri, Lesa, and Penny flash a prize winning smile toward the judges.

This year's theme for the homecoming dance was "Doin' Like We Made It." The reigning queen for the big event was (below) Linda Patterson, Junior

Attendant: Tonya Lowden, Freshman; Attendant: Wendy Rodriguez, Queen: Brenda Morante, Senior; Attendant: Lisa Counts, Neeley, Sophomore

Attendant

After a disappointing loss to Eastbrook High School, the dance was held in the cafeteria.

The band playing was Cassidy as in past years. The music stopped around eleven and the couples left to enjoy the rest of the evening together.

The Homecoming's activities were topped off with a powder puff football game won by the Junior and Sophomore classes. A parade through the town also highlighted the events of the evening.

The annual bonfire was held the night before the actual game in an effort to spirit the team into action.

Memories of homecoming

Jr. Miss

Color my world played in the background while sixteen contestants promenaded around the stage for an audience of several hundred people and a panel of judges. This was much the scene for the 1977 Junior Miss Pageant.

Out of the sixteen three divided the awards. Shari Brown was the winner of the scholastic achievement bond

as well as the physical fitness award and placed as second runner-up.

Kelly Esra won the talent competition and scored as first runner-up.

At the end of a long talent and beauty filled evening Gwynn Black was announced Junior Miss and also won the Poise and Appearance

was acted staged during the pageant was the deck. This part of the show was used to judge the health and fitness division of the competition.

LEFT: Kelly also participated in the JC Fall of Fashion.

ABOVE: Kim Huxon grows for her talent during that part of the program.

LEFT: Shari heads for the stage during the talent and appearance segment.

... a day in the mud

Slip slidin' away

Campus Life, a division of Youth For Christ, is a lot of different things

Aside from the weekly meetings where today's problems are answered with Christian insight, the club sponsored a number of activities

One such activity was the Mud Bowl held this year for the first time at the Upland City Park. Pictured below are some of the stunts seen there

Another was the Scream in the Dark, a money raising haunted house

The Snow Day was for those who can appreciate cold weather. This year it was held at Pokagon State Park

Campus Life also sponsored its annual trip to Florida during Spring Break

Phil Bender headed up the Mississinewa Club this Year

Dave Murray

The annual Spring musical last season was Rodgers and Hammerstein's *OKLAHOMA*

The story is staged in a small farming community around the turn of the century in Oklahoma Territory. The play opens at the ranch of Aunt Eller (Teri Young) where Lori lives (Carrol Rademaker). Curly (Jay Campbell) comes to court Lori. Pride separates the couple and Lori goes out with Jud (Dave Murray)

OKLAHOMA staged

A love triangle is formed but all works out. The antics of Ali (Marty McKelleb) and Ado Annie (Susie Wise) along with Will (Dan Shoemaker) keep the plot always moving

Above: Gwynn Black, Brad Dauben speck, and Dave Murray in the dream ballet. Left: The cowboys look to see what Will brought back from Kansas City. Middle: Curly and Lori sing *PEOPLE WILL SAY WE'RE IN LOVE*

Chris Ludlow applies stage makeup before

stage during a dress rehearsal

Swing Choir

Above: Jerry Fath, Barb McLouth, Mitch Weaver, Becky Strout, Kelly Esra, Tim Carlisle, Robert Ray, Jean Murphy, Jay Campbell, Gwynn Black, Jane Murphy, Richard Kirby, Teri Young, Marty McKelieb, Dave Murray, Diana Voland, Marlene Kruger, Chuck Duke.

Don Kellogg, Debbie Appleman, B.J. Pearson, Dave England; all put together these people make up the Mississinewa Swing Choir.

Within the music department at MHS can be found these three performing groups. The Swing Choir meets third period and performs for different churches and clubs. The Tonettes meet after school. This all girl choir also performs for churches and social groups. The other performing choir is the Girls' Choir.

Pam Leech, Dee Sheetz, Barb Pressler, Carmen Morre, Stephanie Berry, Carol Scatter, Janelle Murray, Nancy Herrin, Rebecca Harris, Julie Wise, Marilee Pinkleton.

COE, OEA

Athletics

Not only does MHS have new playing facilities but it also has new coaches to boast of.

Coach Del Jarman had his first year at MHS with the football team. Ron Bocken was new with the basketball team.

Another new coach Rick Bomholt took the tennis team after Harlan Murray left in October. Mrs. Kathy Scharfanberg led girls' track and Mr. Tim Fisher assisted Coach Wayne

Huddleston with the wrestling team. Track was headed up by Coach Steve Barker, and girls' volleyball had its year with coach LeAnn McCoy who is new to MHS and also assisted with girls' basketball, which was headed by Coach Rosalind Stapleton.

Academics

With the expansion of the classrooms and lab space, MHS will soon be able to offer more to its students in the form of academics.

Room in the shop area will allow for mechanic studies with actual cars. Science

projects can be looked into with greater depth because of the purchase of fine equipment. The list of possible offerings goes on and on and soon will become more reality than dream.

Readin' ritin' rithmetic

Ever since the beginning of time students have been subjected to the three "R's" of education, readin', ritin', and rithmetic. This year at MHS has been no different.

All college bound seniors can brag of a four year English program that each of them had to go through.

Next year however the program changes to supply students with a wider variety of courses in a modular system.

Rithmetic at MHS can be a combination of several different courses from beginning or pre-algebra to trigonometry.

History is an automatic major starting with civics in the freshman year.

Congressman Hillis visits government classes

Jane Murphy

Students in C B class

Another option open to students is the foreign language. A choice of French or Spanish and up to three years of either is available

Only two years of science are required or a student can take up to six courses if he likes

Certainly with all of this availa-

ble one can find a pleasing schedule

Readin' ritin' con't

Mississinewa offers vocational training

For those of you who might not have planned on attending college, Mississinewa also offers a number of vocational electives.

MHS can boast of a state and National title winning D.E. and D.E.C.A. program, as well as the C.O.E. and O.E.A.

If business isn't your department then you can always sign up for a few shop classes where you can learn a skilled trade.

trade and then go on for vocational training

Of course if none of that sounds good maybe home economics will make you happy. Anything from Bachelor Living to Foods II will prepare you to make a house a home.

Something new this year is a home repairs course to mold the student into a home do-it-yourselfer.

Training con't

Departments facilities expand

Fine arts are sometimes a forgotten aspect of Mississinewa. Unless you are on the Fine Arts program you aren't required to take any music or other fine arts courses. These courses include band, stage band, art of all kinds and choirs of different sorts.

Fine arts

Something that everyone has to take in his freshmen year is Physical Education (gym). This year the program has changed since it has come into the hands of Mr. Ron Bocken. It now even includes an advanced course that concentrates on special interest

School finally reconvened after several days and students found it necessary to forge their own paths for the lack of cleared sidewalks

Pile ups like this weren't an uncommon sight next to roads

Pictures by Marion Chronicle Tribune

Snow and coal halt activity

Blizzard is a word not unfamiliar to the Hoosier state and its surrounding neighbors. Winds in excess of sixty miles an hour as well as snow pile ups of over twenty feet threatened residents.

It took over a week to clear main roads and many secondary roads remained snow covered until the spring thaw.

School was out for four days while tired city workers attempted to get the community moving once again.

School recessed for quite a few days this year not only because of the snow but also because of the

Strangers and friends were helped to find shelter in temporary shelters set up by the Red Cross and the city.

Snowy conditions didn't stop this hike

Despite how ugly it may have looked in the city, its beauty can be seen at the Mississippian river valley.

coal miners strike that caused the halls to be darkened and the heat to be turned down or off all together

Harsh cold, high snow, and diminishing supplies of power all combined for a short year

Convocations

Convocations are always a welcome break to the academic world of MHS. This year we as students were entertained by a few bands—Sunshine Express, as well as Under New Management. An informative type convo was supplied by Indiana/Michigan on Nuclear energy. *Coca Cola* also sent a representative to tell us about the history of radio.

Programs are usually paid with the revenue received from the candy machines. So as long as you continue to buy candy you'll have convocations.

THE TEAM

THE TEAM OF THE FUTURE MEN

People

New classrooms, new playing fields, new equipment—none of it matters without the people to back them up. MHS has over seventy people working on its high school staff alone and close to one-thousand students using the facilities to their advantage.

This section takes a look at the administrative staff, school board, the graduating class of two-hundred and twenty nine students, and the remaining student body, as well as the teaching portion of the system and our foreign exchange students.

Administrative staff

Our elected school board members this year include (left) Mr. Jim Nicholson, Mr. Eric Turner, student representative Traci Murray, Mr. Bob Knapp, Dr. Jerry Dautenspeck, Mr. Homer Teesdalen and Mr. Leon Weber. Not pictured is Mr. Martin Burdette

From Maija with love

*I have really enjoyed
Being one of you.*

Maya Lepisto came to us from Finland, and has spent the year here taking in the American way of life. Maya wrote this letter for Mississinewa to remember her by:

To all Mississinewa Students:

My name is Maya Lepisto. I'm the exchange student from Finland. Finland is a little country in the northern Europe. The Winter is the same as here, very cold and a lot of snow.

I'm staying with the Sheetz family, that I like a lot. Dee and Rob are attending MHS.

MHS is a very nice school. My school in Finland, Hervannan Lukio, is very modern but small, only 200 students. In my school, there is no school activities like 'Drama Club', 'Spanish Club', etc. One can be interested in all this kind of things, but has possibility to do so beyond the school time. There is no study halls in Finnish schools and that's why we have a lot of homework every day.

I like the Mississinewa basketball games—the students get the spirit. I have never experienced anything like that. I'm an ice-hockey fan at home and to my opinion, the games are very exciting. I hope your basketball team will do better in the future.

The kind of football that is played here in the U.S. is very different from soccer, that is played. So I didn't exactly enjoy the football games except the cheerleaders! There are no cheerleaders in Finland. I hadn't seen them ever before until my first pep session. Man, it was something.

I like very much the Mississinewa students and teachers. I'd like to thank you all for being very helpful and nice. I have really enjoyed being one of you.

Job? *What's a job?*
Everybody seems to be in
the market for
employment, but
employment can be
hard to find. College
cost, pocket money,
living expenses, or just something to do all
top the list of why students want jobs.

After looking through this section, you
may get an idea of where to apply. Many of
these firms will be seeking Summer help.
But the competition may be fierce, so be
ready for the Summer job rush as
thousands of high school students
run from business to business
answering the same familiar
questions on each application in their
effort to find financial happiness.

Education ... our greatest CHALLENGE...

There is no challenge to our modern society and no opportunity greater than educating our youth.

The old adage that says, "True intelligence is the power to adapt," has never held more meaning.

We have had and will continue to have a knowledge explosion. From 1900 to 1960, the amount of knowledge known today was known in 1900.

Department of Education studies point out that an individual's asset of experience increasingly will carry less weight than

this level of education. Many occupations of the future are not now even in existence.

The only sound educational target for such a future is to plan for those occupations which do not yet exist. Students must be able to learn how to learn and to apply themselves to new conditions as they arise.

This is no vocational assignment alone. Our nation needs intellectual as well as material growth. Our nation needs citizens as much as workers.

Owens-Illinois

is but one of the hundreds of American business organizations concerned by this challenge and actively engaged in specific ways and means to meet it

The Value of a Smile

A smile costs nothing, but gives much. It reaches those who receive without making poorer those who give. It takes but a moment, but the memory sometimes lasts a lifetime. A smile creates happiness in the home, fosters goodwill in business, and is the countersign of friendship. It brings rest to the weary, cheer to the discouraged, and is nature's antidote for trouble. Yet, it cannot be bought, begged, or borrowed or stolen, for it is of no value to anyone until it is given away. Some people are too tired to give you a smile. Give them one of yours, as none needs a smile so much as he who has no more to give.

The End

Finally the year ends. Mountains of snow, darkened halls, and

cold lunches are reduced to mere memory.

Geometry theorems, chemistry equations, and memorized French can all be forgotten for a while. School can be put totally out of mind.

Days at the lake, jobs, or college await the student as he crosses to the other side of the bridge.

For KARENJ
A REALLY NICE
GIRL WHO I AM REALLY
GLAD I GOT TO MEET
BE NICE AND STAY NICE
GOOD FRIENDS

LOVE
STEVE
"79"

To: a wonderful
Christian girl.
may God richly bless
you in the years to come!
In Christian Love,
Pastor Dow

Phil 1:6

1. The first part of the paper is a review of the literature on the topic. It discusses the various methods used to study the effects of stress on the immune system, and the results of these studies. It also discusses the role of the hypothalamic-pituitary-adrenal axis in the stress response.

Palaemonetes
marinus L.

Sweetest,
 Best of Luck always
 Mrs. Hall

In all my acquaintance
 I know and shall never
 forget you. Love 36
 To a sweet girl
 Love you
 Mrs. Elliott

To Susan
 a girl of character
 in every way
 with love
 M.

To the
 Honorable
 The President
 of the United States
 Washington
 D.C.
 Dear Sir
 I have the honor
 to acknowledge
 the receipt of
 your letter of
 the 10th inst.
 in relation to
 the matter
 of the
 ...

Don Kellogg
Doc '78

Dear Granddaughter,
remember me know
remember me later
remember when you
call me a day later
Grandma '78

Karen, luck with
moving to Ed. you're
have to give me a ride
sometimes to let you
Edgar & Doris

To Karen,
To a real
sweet gal I
met in church
and Sunday School.

Good luck in future
especially with the
boys, (you'll need it!) HA! HA!
